FACTORY/CORPORATE IDENTITY

PROJECT SERVICES PROVIDED BY LOCAL OFFICE IN USA:

-  Development planning
-  Architectural Design
-  Design Services
-  Product Procurement
-  Logistics/Quality Control
-  Project Management

BRANCH OFFICE IN US

1. Group is experienced with local projects and the team can provide consultancy, design, measurement, instant solutions, samples, shipment and delivery, installation, maintenance, aftersales services etc. The team can provide installation guides and solutions for product sorting and organization at site.
2. Duty-free and zero AD/CVD. PA fabricate and ship cabinet products from Indonesia and there is no AD/CVD. It is also duty-free for importing from Indonesia.

BRANCH OFFICE IN DUBAI, UAE

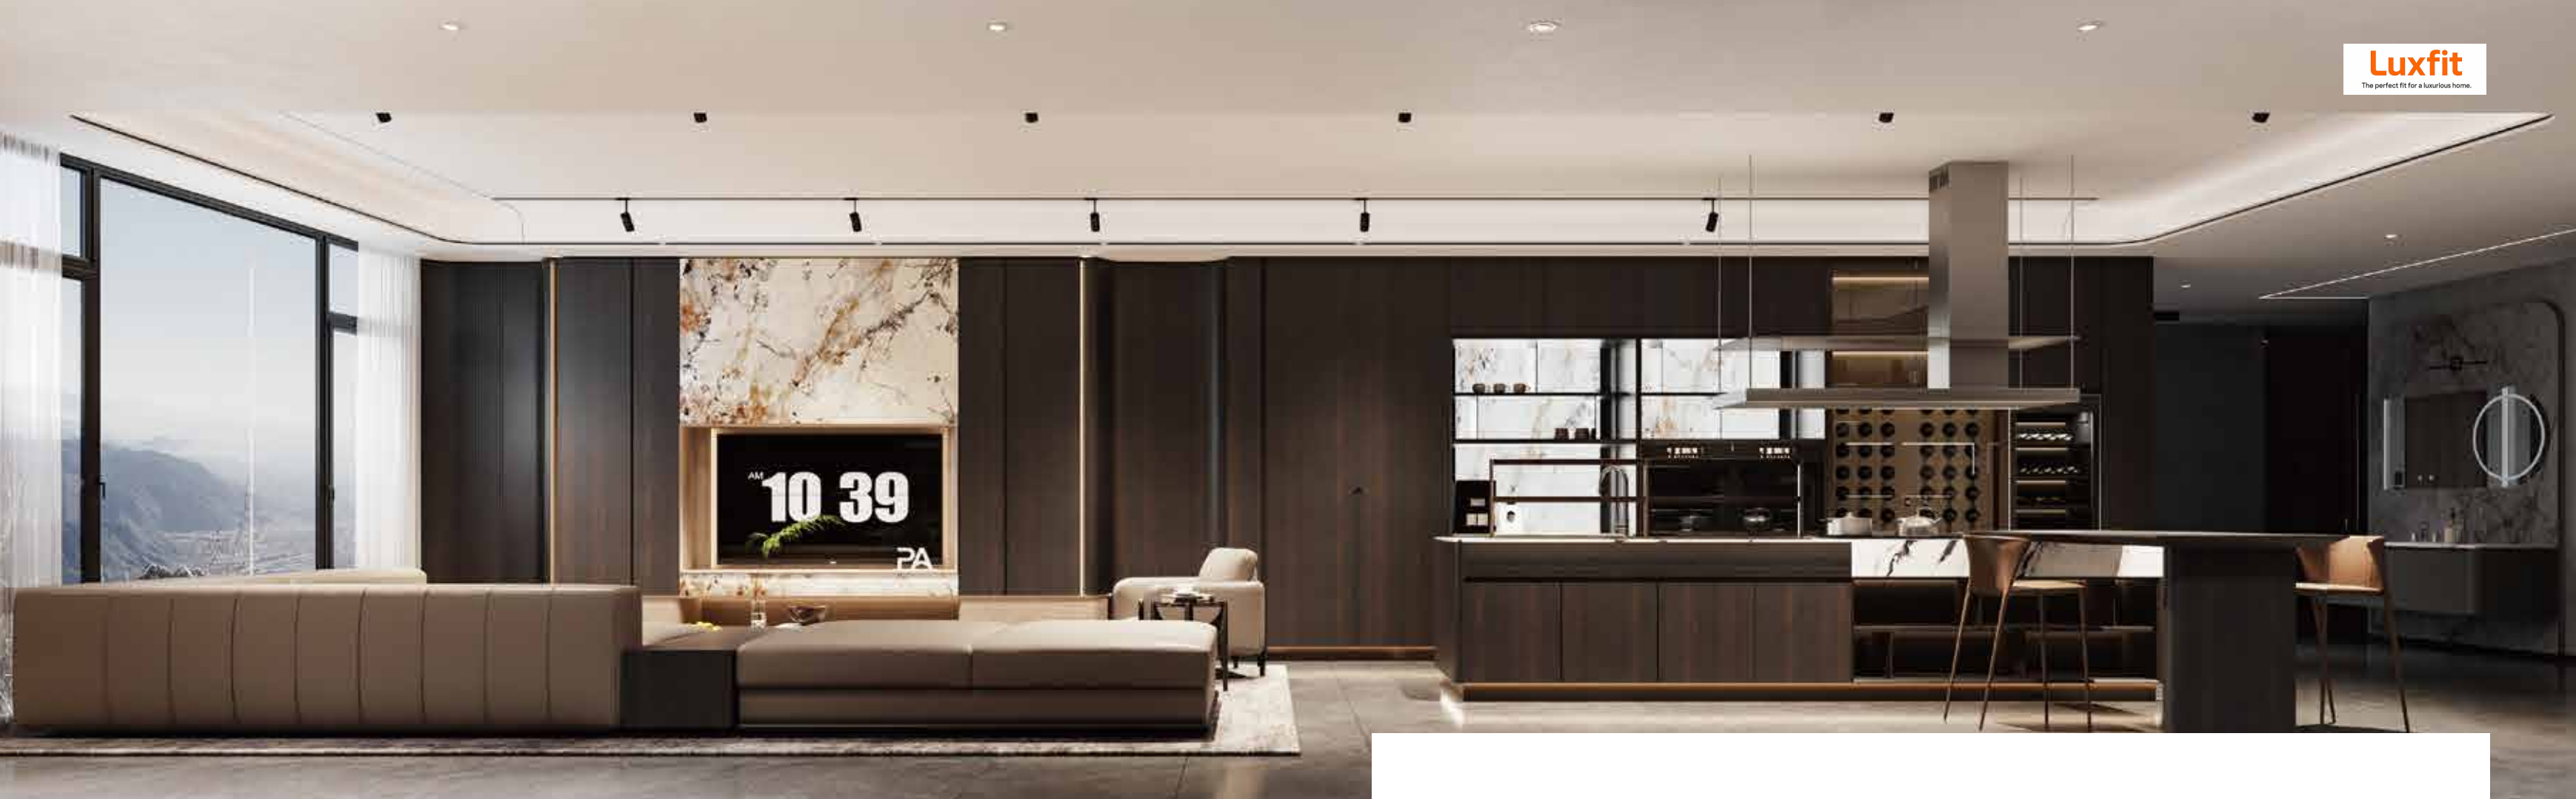

1. Local fabrication facility. AI is capable of manufacturing and fabrication of cabinets. It is a perfect and instant solution for project handover. Cabinets can be repaired or replaced in a short time.
2. Local team support. AI can make smooth and professional communication with project owners. The team can provide consultancy, design, measurement, instant solutions, samples, shipment and delivery, installation, maintenance, aftersales services etc. The team can provide installation guides and solutions for product sorting and organization at site.

INDONESIA FACTORY

KITCHEN Indonesia factory is set up and started in the 3rd quarter of 2019. The same model of production machines as the China factory is put into use. We also bring our skilled and experienced management team to the Indonesia factory to make sure the whole system runs as effective and smooth. Since the system is a copy of the HQ, the numbers of labors and workers involved in production are impressively small due to high automation. KITCHEN Indonesia factory is targeting on providing services for customers from both US market and Indonesia local market.

BRANCH OFFICE IN MELBOURNE AUSTRALIA

1. Local fabrication facility. is capable of manufacturing and fabrication of cabinets. It is a perfect and instant solution for project handover. Cabinets can be repaired or replaced in a short time.
2. Local team support. can make smooth and professional communication with project owners. The team can provide consultancy, design, measurement, instant solutions, samples, shipment and delivery, installation, maintenance, aftersales services etc. The team can provide installation guides and solutions for product sorting and organization at site.

DESIGN CONCEPT INTRODUCTION

Combining the calm temperament of dark oak with the noble metallic texture of amber gold, a quiet and stylish habitat is constructed through smooth line design. Its material application includes 21mm high density board, multi-layer board, particle board, and adopts imported wood veneer and imported PU paint. The design concept emphasizes the creation of tasteful space through exquisite details to meet the needs of medium and high-end products.
